Meal Plan: All students who live on campus and are in their first year at New College (new admits and transfer students) will be assigned the 1st Year/Pei meal plan.

Living on campus is required for students unless the Residential Life Office approves a housing waiver. Therefore, all students must fill out the preference form. The application is for the entire academic year unless a student is applying only for Spring Semester. Students wanting releases from their contracts for any reason must fill out a Release From Housing Contract Request Form in the Office of Residential Life. If the release is approved by the office, the students will be released from their financial obligations. Students should not sign another lease until the release has been granted by the office. Billing will continue until the date that the released students **officially check out** of their rooms **by scheduling an appointment with Housing**.

All students attending New College must participate in a campus meal plan. First Year and Transfer students are required to purchase the 1st Year/Pei Plan. Other students have the option to select the smallest meal plan available to residential students dependent upon the residence hall to which the student is assigned. Students may always choose a plan that is larger than the plan required by their placement, but they may not choose a plan that is smaller. For more information on the meal plans refer to the website **http://www.ncf.edu/student-life/residential-life/food-service**. Whenever possible, students will be assigned to their hall of choice. However, due to space constraints, most new admits will be placed in Pei.

I understand the condition of the housing requirement and application as well as the meal plan obligation. **I accept that unless otherwise specified the smallest appropriate meal plan will be assigned and billed to my student account.**
