

2016-2017 FACT BOOK

Office of Institutional Research & Assessment

The New College of Florida Fact Book presents current enrollment, admission, financial aid, fiscal resources and the academic program at the eleventh member institution of the State University System of Florida.

New College
THE HONORS COLLEGE of Florida

THE 2016-2017 FACT BOOK contains information and statistics on institutional enrollment, student characteristics, admissions policies, academic offerings, faculty and class size, fiscal resources, personnel, library resources, and physical facilities. The purpose of the book is to provide the New College community with facts about the College. The information can be used by those responsible for public presentations and reporting about New College.

The backbone of the Fact Book follows the format and definitions established by the Common Data Set widely used by college guide publishers for gathering data on undergraduate education. By standardizing the definition of key terms, the Common Data Set helps ensure that data will be comparable across institutions. Additional tables and figures which are not part of the Common Data Set are also included to provide more comprehensive information.

This book was prepared by the Office of Institutional Research & Assessment with information contributed by many New College offices. We would like to recognize the Office of Admissions and Financial Aid, the Office of the Registrar, the Business Office, Cook Library, the Office of Communications and Marketing, Student Affairs, and Special Assistant to the President for their data and assistance.

This year's Fact Book is available online on the New College of Florida website at ncf.edu/fact-book. If you would like a printed copy, it can be downloaded from the website and printed for reference. We would like to encourage you to contact us with any questions and feel free to send us your comments and suggestions for improving future editions.

Transfer Credit Policies

D12. Lowest grade earned for any course that may be transferred for credit: C

D13-14. Maximum number of credits or courses that may be transferred from a two-year or four-year institution: Three of seven semester-long academic contracts and one of three month-long Independent Study Projects required for graduation may be granted to transfer students, with 52 semester-credit hour equivalents of liberal arts and sciences course work. credit. Students who hold an AA from the Florida College System or Florida State University System will receive an additional 8 semester credit hour equivalents of transfer credit.

D15. Not applicable.

D16. Minimum number of credits that transfers must complete to earn a bachelor's degree: Transfer students must be in academic residence for a minimum of four semester-long academic contracts and two month-long Independent Study Projects, depending on their transfer credit. Students with the AA from the Florida College System or Florida State University System must complete at least 64 credit hour equivalents; other transfers must complete at least 72 credit hour equivalents.

D17. Other transfer credit policies: Enrollment Services evaluates transfer credit on behalf of the New College of Florida faculty. Transfers with an Associate of Arts degree from a Florida College System institution will receive 60 credit hour equivalents in transfer; 64 credit hour equivalents are required in residence. Transfer credit is assigned towards semester contracts, independent study projects, and unit requirements for Bachelor of Arts degree. Credit is considered only for college courses with grades of "C" or better from accredited, postsecondary degree granting colleges and universities. Typically, only courses in the arts and sciences and supporting fields, and at levels taught in residence, may be considered toward transfer credit. Students who receive maximum transfer credit must successfully complete at least 4 semester contracts and 2 Independent Study Projects in residence. *Credit by examination is not considered for transfer, except when applied to fulfillment of a Florida College System or Florida State University System Associate in Arts (A.A.) degree.*

Courses in the arts and sciences and supporting fields may be accepted toward transfer credit. Acceptable courses typically fall into the following fields:

Anthropology	Computer Science	History	Music	Religion
Art	Economics	Humanities	Natural Sciences	Social Sciences
Art History	Engineering	Journalism	Philosophy	Sociology
Biology	English	Languages ¹	Physics	Theater
Botany	Geography	Literature	Political Science	Visual/Performing Arts
Chemistry	Geology	Mathematics ²	Psychology	
Notes: ¹ <i>Language credit (including Sign Language) transfers only if the language has been studied through at least the second semester level of the first-year sequence.</i>				
² <i>Mathematics courses below the level of Calculus are not typically accepted for transfer with the exception of Trigonometry, Precalculus, and Statistics.</i>				

Limited transfer credit may be assigned for course work in Business and Speech. Otherwise, courses in the following fields typically are not transferable: Business; Education; Health; Nursing; Physical Education; Social Work; and Speech.

Once transfer credit has been granted, that transfer credit will not be removed or waived by a request from the student.

For Florida College System A.A. transfers — for a student who has earned the A.A. degree from a member school of the Florida College System (formerly the Florida public community college system), or from the Florida State University System, New College acknowledges fulfillment of the College's Liberal Arts Curriculum (general education) course requirements, and would assign the following maximum transfer credit:

3 semester contracts	1 Independent Study Project	15 units (equivalent to 60 semester credit hours)
----------------------	-----------------------------	---

For all other transfers — transfer credit is based on 16 or more transferable semester hours, in the following increments:

16-19 transferable semester hours	4 units	1 semester contract
20-35 transferable semester hours	5 units	1 semester contract and 1 ISP
36-51 transferable semester hours	9 units	2 semester contracts and 1 ISP
52 or more transferable semester hours	13 units	3 semester contracts and 1 ISP

In no case may transfer credit be given for more than 3 contracts and 1 ISP. Every New College student must complete at least four contracts and two ISPs in residence at New College in order to graduate.

Trimester calendar system: An academic year consisting of 3 terms of about 15 weeks each.

Tuition: Amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit.

Unit: a standard of measurement representing hours of academic instruction (e.g., semester credit, quarter credit, contact hour).

Undergraduate: A student enrolled in a four- or five-year bachelor's degree program, an associate degree program, or a vocational or technical program below the baccalaureate.

Financial Aid Definitions

Aid Awarded: The dollar amounts offered to financial aid applicants.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Financial aid applicant: Any applicant who submits **any one of** the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

- Non-need institutional grants
- Non-need tuition waivers
- Non-need athletic awards
- Non-need federal grants
- Non-need state grants
- Non-need outside grants
- Non-need student loans
- Non-need parent loans
- Non-need work

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

Instructional Faculty Definition

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration.
