## Invitation

The President of New College of Florida on behalf of The Board of Trustees of New College of Florida invites firms who believe that they are suitably qualified to provide Construction Management services to submit a Statement of Qualification for consideration.

All submissions, and the subsequent consideration thereof, shall be strictly in accordance with the instructions contained in this Request for Qualification document.

NCF does not bind itself to accept any response to this solicitation and will not accept any costs incurred by any firm submitting a Statement of Qualification.

## General Instructions

At the time of the submission, firms submitting must be a licensed general contractor in the State of Florida and, if a corporation, they must be registered by the Department of State, Division of Corporations, to operate in the State of Florida.

A construction management firm may not submit a proposal for consideration if it is on the convicted vendor list for a public entity crime. Applicants shall complete and submit the sworn statement at Appendix 1 in this regard. Further, any firm submitting an application shall warrant that it will neither use the services of, nor contract with, any supplier, sub-contractor or consultant in connection with any work in excess of \$50,000 at New College of Florida (NCF) for a period of thirty six (36) months from the date of their being placed on the convicted vendor list.

The appointed construction management firm (CM) will be the single point of responsibility for the performance of minor construction projects. A minor project is defined as a project with a construction budget not exceeding \$4,000,000 or studies that involve professional services not exceeding \$500,000. The appointed firm shall function as an independent contractor and shall publically bid trade contracts in accordance with the requirements of NCF.

The appointed firm shall be required to supply NCF with 100% performance and 100% materials & labor bonds acceptable to NCF for any projects over \$200,000. As the appointment will involve a number of projects the appointed contractor will be required to bond multiple concurrent projects and demonstrate bonding capacity based upon individual project budgets.

The appointment for continuing construction management services will be for an initial period of one (1) year. This is renewable annually for up to two (2) additional years at the discretion of NCF.

NCF is dependent on a number of sources for funding. It also reserves the right to contract a number of construction managers concurrently. These factors will influence the available workload for applicants. Applicants will note that it is possible for a successful and appointed contractor to receive no work during the life of the contract.
