

2020-2021 Annual Security & Fire Safety Report

2020-2021 Annual Security Report and Crime Statistics

The New College of Florida Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, formerly the Crime Awareness and Campus Security Act of 1990. Information and statistics are compiled from information maintained by the NCF Police Department, other College officials such as Student Affairs, Residence Life, Campus Security Authorities, and information provided by other law enforcement agencies.

This report provides statistics for the previous three years of select reported crimes that occurred on campus, in certain off-campus buildings, or property owned, leased or controlled by the College. This report also includes security policies and procedures and information on the basic rights guaranteed survivors of sexual assault.

This report is provided to you as part of New College of Florida's commitment to safety and security on campus. It contains information on a variety of security services and programs available to you. It also notifies the College community of important safety programs and security procedures. This report is designed to provide an overview of the Campus Police Department, as well as information regarding other safety and security measures that have been instituted at the College.

The College distributes a notice of the availability of this Annual Security Report by October 1 of each year. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the Campus Police Department at (941) 487-4210 or by visiting ncf.edu/police/links.

The Campus Police Department also maintains a Crime Log that is available for public inspection. All entries, additions, or modifications to the Crime Log are made within two business days of the report of the information to Campus Police, unless the disclosure is prohibited by law or would jeopardize the confidentiality of a victim. Information may be withheld if there is clear and convincing evidence that the release of the information would jeopardize an on-going criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence. Once the adverse effect is no longer likely, the information will be made available.

The Crime and Fire Log is available for public inspection 24 hours a day at the Campus Police Department.

This publication is required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This document is intended to inform the College community of New College of Florida's safety programs and security procedures.

Campus Police Department

The Campus Police Department proudly serves New College of Florida (NCF) and USF Sarasota-Manatee (USFSM). Our mission is: to protect life and property; to identify and prevent any criminal activity that may occur; to apprehend and assist in the prosecution of any person who commits a crime on our campus; and to seek to identify community problems and solutions to those problems, so as to improve the overall quality of life in this community.

The department has three key tenets: integrity, professionalism, and respect. We uphold these values in our interactions with all people. After all, we serve a diverse community and we **are** part of the community.

To accomplish our mission, we seek to do the following:

- provide a safe environment in which the community can work and live;
- provide service in a manner that demonstrates respect and dignity to all people;
- treat all persons fairly and equally; and
- commit to the development of our employees' knowledge, skills, and abilities.

Integrity requires dedication to doing the right thing. It is the faithful adherence to the Law Enforcement Code of Ethics, but it doesn't stop there. Officers must be not only prepared to enforce the law, but to follow it. No other factor weaves such a powerful web through every aspect of policing. The badge is a symbol of trust and the people who wear it must conduct themselves both on and off duty in a manner that reflects the ethical standards consistent with the mission and values of the agency and community they serve.

Professionalism involves objective implementation of policy and procedures without political influence; specialized knowledge; honesty; and public accountability.

Respect involves a reciprocity of fair treatment between the police and the public we serve. It's earned by being accountable to enact fair procedures and sustained by maintaining them over time.

The Department is located at 501 College Drive on the New College of Florida Campus. The department provides a full range of police services 24 hours a day, throughout the year. All police officers are certified by the State of Florida in accordance with Florida State Statute, Chapter 943. General services provided include: mobile and foot patrol, criminal investigation of all misdemeanors and felony crimes committed on campus, traffic enforcement, crash investigations, emergency response for all type of emergencies, and crime prevention programs.

The Department has an excellent working relationship with all federal, state, and local law enforcement agencies which assures the delivery of professional police services. The department has combined voluntary cooperation and operational mutual aid agreements with all Manatee and Sarasota county law enforcement agencies as well as all State University Police Departments. All agencies are available to assist upon request. Communications and coordination with all agencies are maintained via computer, radio, and telephonic communication capabilities.

Reporting Crimes and Other Emergencies

Reporting to the Police

We encourage all members of the College community to report all crimes and other emergencies to the Campus Police immediately. If you are a witness or victim of a crime, it is important to report the crime so you can get help and support. Also, by telling the police what you know, you may help them solve this and other crimes or prevent others from becoming victims in the future. You should talk to the police if you know about a crime that has been committed or might be committed, someone who was involved in committing a crime, someone who has threatened you or another person or threatened to commit a crime, or about any other activities you think may be criminal. Crimes which occur on College property should be reported to the Campus Police. It may be difficult to determine if the location was College property. If you are certain the location was on campus, call the Campus Police. If you are in doubt or circumstances require immediate police intervention, call 9-1-1 and officers will respond and make sure everyone is safe.

Any emergency situation involving a threat to life or property should be reported immediately to Campus Police. The caller should stay on the line until the dispatcher terminates the call. Do not hang up. Emergency police, fire, or medical assistance can be obtained by calling 9-1-1. All campus phones may be used to dial 9-1-1. All other business with Campus Police can be conducted by contacting Campus Police using the following contact information:

Police Dispatch	(941) 487-4210
Chief Michael A. Kessie	mkessie@ncf.edu
Captain Kathleen Vacca	kvacca@ncf.edu
Department Location	501 College Drive Sarasota, Florida 34243
Mailing Address	5800 Bay Shore Road Sarasota, Florida 34243
Webpage	ncf.edu/police

For the purposes of ensuring that accurate and up-to-date crime and safety information is reported to all College constituencies, Campus Police works closely with Student Affairs, the Counseling and Wellness Center, the Office of Residence Life, and the Office of the Title IX Coordinator.

Campus Emergency Telephones

There are emergency telephones located around the New College campus. They are painted blue and labeled as emergency telephones. Some have blue lights to delineate their location. These phones may be utilized to report any emergency directly to the Campus Police Dispatcher or to request police assistance or service.

A campus map identifying locations of the emergency telephones is available on the Campus Police website, <https://www.ncf.edu/police/emergency-notification-information/blue-emergency-phones/>, or may be picked up at the Campus Police Department.

Confidential Crime Reporting

If you are the victim of a crime and do not wish to pursue action within the College or criminal justice system, we encourage you to make a confidential report to the College's Victim Advocate Program, mental health counselors (such as the Counseling and Wellness Center or the Employee Assistance Program), or pastoral counselors. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others, and to provide resources. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Confidential reports filed in this manner are counted and disclosed in the Annual Security Report. Confidential reports made to professional counselors or pastoral counselors are not disclosed in the Annual Security Report.

Anonymous Crime Reporting

The Campus Police Department encourages members of the community to come forward and report all criminal or suspicious activity. A victim or witness who is willing to testify greatly increases the probability that an offender will be successfully prosecuted; and it is the duty of Campus Police to aggressively pursue the prosecution of all offenders. However, persons can report criminal and suspicious activity anonymously by telephoning Campus Police and requesting anonymity. The Campus Police will investigate the complaint and fully document the results of their investigation.

Services Offered by Campus Police

In addition to receiving and investigating reports of criminal activity, Campus Police also provides these services:

- Respond to all emergencies – police, fire, and medical
- Investigate all misdemeanor and felony crimes

Timely Warning and Crime/Security Alerts

Timely Warning

The Campus Police Department issues crime or security alerts promptly to the campus community upon the discovery of a crime or incident that is determined to pose a threat to public safety on campus, or that is in the public interest. These alerts are placed on the Campus Police website at ncf.edu/police/emergency-information, and may also be distributed to campus departments to post in their respective areas. These alerts are also frequently sent to all members of the campus community via campus email, automated telephone calls, and text messages.

Crime Bulletins

If there is not an immediate threat to the community and individuals, the Campus Police Department may still issue a “Crime Bulletin” at the appropriate time with regards to the incident and subsequent investigation to the campus community. Generally these are situations where the incident is not exigent in nature and/or due to investigation a delay in releasing information is merited and does not compromise the safety of the campus community. Crime Bulletins are normally distributed to students, faculty, and staff via campus-wide email.

Emergency Response and Evacuation Procedures

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of the campus community, Campus Police will, without delay, initiate the campus emergency notification system. The components of the campus emergency notification system are: external public address speaker towers, internal speakers within selected locations and classrooms; emergency messaging via voice, text, and email; and the utilization of office speakerphones.

Any member of the Campus Emergency Management Team or any Campus Police Officer is authorized to call for or initiate an emergency campus notification once a significant threat or emergency has been confirmed. The content of the notification will be based upon the particular circumstances, nature, and location of the incident. Any or all of the aforementioned methods may be utilized to alert all, or only a portion, of the campus community. Every effort will be taken to ensure that notifications are conducted in a manner that does not compromise efforts to contain or mitigate the emergency, nor interfere with assistance to victims. Members of the community will be notified to take the appropriate action at the time of the emergency notification. Community members may be directed to evacuate or shelter in place, depending upon the circumstances of the incident.

Campus Police will attempt to test each portion of the campus emergency notification system at least once a semester during the school year. The campus community will be notified prior to any such test. A test of the emergency notification system was conducted on 03/26/19, 07/16/19, and 11/14/19.

Crime and Incident Definitions Sources:

Under the Clery Act, counting and disclosing statistics for criminal offenses, hate crimes, arrests, and referrals for disciplinary action is done based on definitions provided by the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting (UCR) Program. The definitions for Murder, Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Weapons Carrying, Possessing, Etc. Law Violations, Drug Abuse Violations, and Liquor Law Violations are from the Summary Reporting System (SRS) User Manual from the FBI’s UCR Program. The definitions of Fondling, Incest and Statutory Rape are from the FBI’s National Incident-Based Reporting System (NIBRS) Data Collection Guidelines edition of the UCR. Hate Crimes are classified according to the FBI’s Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Manual. Note that, although the law states that institutions must use the UCR Program definitions, Clery Act crime reporting does not have to meet all of the other UCR Program standards.

For the categories of Domestic Violence, Dating Violence and Stalking, the Clery Act specifies that our institution must use the definitions provided by the Violence Against Women Act of 1994 and repeated in the Department’s Clery Act regulations [34 CFR 668.46(c)(6)(A)(i)] for statistical report.

For more information regarding how Clery crimes and incidents are classified and reported, consult The Handbook for Campus Safety and Security Reporting: 2016 Edition, available online on the Department of Education website: www2.ed.gov/admins/lead/safety/handbook.pdf. Questions regarding specific statistics presented in this report should be directed to your institution’s Clery coordinator.

*If a reported Clery crime is investigated by law enforcement authorities and found to be false or baseless, the crime is “unfounded” and is not included in our institutions above crime statistics. Only sworn or commissioned law enforcement personnel may “unfound” a crime pursuant to the U.S. Department of Education, Office of Postsecondary Education, The Handbook for Campus Safety and Security Reporting, 2016 Edition, Washington, D.C., 2016, pgs. 3-51.

Daily Crime & Fire Log

The Campus Police Department maintains a combined Daily Crime & Fire Log of all incidents reported to them. Campus Police publishes an activity log every day, which is available to members of the press and public. This log identifies the type, locations, and time of each criminal incident reported. Upon request and within a reasonable time, a copy of any maintained Daily Crime Log will be made available for viewing.

Crime Mapping

There is a campus crime map for NCF and USFSM online at ncf.edu/police/info/crime-map. This map shows crimes that occurred on campus property and also those that are reportable under the Jeanne Clery Crime Act, also known as the Crime Awareness and Campus Security Act of 1990. These crimes may not be on actual NCF or USFSM property, but meet the requirements for reporting under this act. Please click on the icons for more information. The Campus Police case number, type of crime, and location are shown. The map can also be made full page and moved around by using the Google functions.

We have tried to make sure everything on this map is accurate. If errors are located they will be corrected as soon as possible. Also, this map is not updated on a daily basis so there may be a short delay before the map is updated. A Crime Log is located online and available for inspection during normal business hours at the Campus Police Building, 501 College Drive, Sarasota, FL 34243.

Historical data can be found by clicking on the drop down menu located on the upper left hand corner of the crime map. Select a layer(s) to view the data. If you have any questions, please contact the Campus Police at (941) 487-4210.

Crime Prevention Information

The Campus Police Department periodically conducts physical security surveys of campus facilities that may be vulnerable to criminal intrusion. Specific recommendations are made regarding security hardware, alarms, devices, or procedures that will serve to reduce the opportunities for crime to occur in or around campus building and residential areas.

No community is 100% crime-free. A college campus is not unlike any other community with the same problems and concerns. Although the incidence of serious crime at New College is relatively low, the Campus Police Department encourages all members of the college community to learn good crime prevention habits. Most crimes of opportunity can be avoided with a little planning and common sense. Good crime prevention is simply teaching people how to avoid becoming victims. The Campus Police Department recognizes the types of problems that commonly occur on campus and is involved in presenting information on a number of safety and security topics.

Security of Campus Facilities and Residence Halls

The campus is a public institution and, with the exception of residence halls, is open to the public during the day and evening hours when classes are in session. After these hours, campus buildings are generally locked and only faculty, staff, and students are allowed admittance within College policy. Campus Police provide regular patrol of campus grounds, buildings, residential areas, and parking lots. There are no recognized off-campus student organizations or residential facilities that are monitored by Campus Police.

Resident students are issued a key and/or access card at check-in so they may have access to their living unit. Students are encouraged to safeguard keys and/or access cards in order to enhance their personal safety and the safety of others. An effective residence hall security system program depends upon resident cooperation, staff supervision, and Campus Police assistance.

The best security system is one in which every member of the community takes personal responsibility for self-protection, the protection of their property, and community awareness and active participation to benefit the welfare of all community members.

Campus Police regularly patrol the residence hall areas and are readily available to assist on a 24- hour basis. A Resident Hall Director and Residential Assistant are on duty every night for assistance and security purposes. These personnel are representative of the College's concern for the protection of persons and property. Maintenance personnel make inspections and corrections as needed. Students are encouraged to call Housing or Campus Police to promptly report any security deficiencies.

The Physical Plant maintains campus buildings and grounds with a concern for the safety and security of all persons and property. Inspections are routinely conducted and repairs are promptly made to ensure that appropriate safety and security standards are met. The custodial staff and Campus Police monitor for any safety and security concerns and report any deficiencies noted. Campus Police routinely report any lighting outages, conduct periodic lighting surveys, and report their findings to the Physical Plant for corrective maintenance as required.

During the school year, the New College of Florida campus is home to students that live in on- campus residential facilities. Keeping the residence facilities safe requires attention to some particular security concerns:

- Always lock the doors and windows in your room.
- Be sure to close and lock your room door if you will be away, even for a minute.
- Do not leave the key to your room in the lock of the door.
- If a door lock is broken, contact Physical Plant personnel to make repairs.
- Never prop open room doors.
- Do not admit unauthorized/uninvited persons into your room.
- Keep your valuables out of sight. Record the serial numbers of expensive items, especially those that are easily stolen, such as electronics. Campus Police will need the serial number to enter stolen items into the stolen item database, and it greatly increases the chance that your property can be positively identified if it is recovered. The Campus Police can supply an engraver to apply an owner selected number to items that have no serial number.
- Soliciting and sales by non-affiliated vendors or sales persons are not allowed on campus. Report solicitors that you may encounter to Campus Police at (941) 487-4210.

Personal Safety and Security

When in doubt, call Campus Police. Also be sure to remember the following:

- Walk with another person after dark or call Campus Police at (941) 487-4210 for an escort. You can also call from any emergency blue light callbox, which rings directly into the police station. Make sure you familiarize yourself with their locations around the campus.
- Stay in well-lighted areas. Avoid shortcuts and isolated areas. Avoid alleys, dark corners and bushes when ever possible.
- Trust your instincts if you suspect you are being followed. Change directions, head for a campus building, a group of people, or an emergency callbox.
- Be aware of your surroundings at all times and convey confidence through body language. Have keys and/or access cards ready upon entering your residence hall or office buildings.
- If a driver stops and asks you for directions, keep your distance from the vehicle to avoid the risk of being pulled inside.
- Don't carry credit cards or large sums of cash.
- Purses are an attractive target for thieves...don't carry one if it isn't necessary.
- DO NOT risk injury if someone attempts to forcibly take your purse, wallet or personal belongings.

- Don't attach your ID to your keys, mark your keychain with your name and address, or anything that would indicate the keys are from New College.
- Mark valuable property with an engraver to increase your chances of recovering the property if it is stolen. The Campus Police provide this service free of charge.
- Report suspicious persons or activities to Campus Police. Be prepared to describe the person by gender, race, color, length of hair, body size, scars, identifying marks, tattoos, clothing, facial hair, if any, mode of travel, and if by vehicle, the type, color and license plate.
- Do not attempt to rectify any situation that could possibly endanger you. Notify Campus Police as soon as possible.

Office Security

Faculty, staff, work-study students, and student organizations work in an office environment. This situation poses a special concern due to the high amount of traffic through buildings and offices. Opportunistic crime occurs when security awareness and crime prevention fall by the wayside.

The best plan is to be a good ambassador for your department and the College. If you see someone who appears lost, out of place, or loitering, approach and offer assistance or directions. If their business is legitimate, you have created a good impression. If it is not, you have put the person on notice that security awareness is a priority. You have also taken the opportunity to get a good description. If the answer you get seems evasive, hostile, or otherwise unsatisfactory, call Campus Police. If the person is clearly a threat to safety or property, or is acting in a strange or bizarre fashion, avoid contact and call Campus Police immediately.

Other tips for a safe office include:

- Do not loan out office keys or allow them to be copied.
- Keep your purse, wallet or other valuables locked in a cabinet or drawer.
- If your office will be unattended, even for a minute, lock the door.
- Record the description and serial numbers of office equipment, especially highly portable computer equipment.
- Keep petty cash locked up at all times and make periodic checks of the amount.
- Lock doors and windows at the end of the working day.
- Never prop open exterior doors. Don't hold the door open for anyone that you don't know.
- Call Campus Police for a security escort if leaving your office late at night, or anytime you feel unsafe.
- Don't attach your ID to your keys, mark your keychain with your name and address, or anything that would indicate the keys are from New College.

Bike Security and Safety

The Campus Police offers the Bicycle Anti-theft Program (B.A.T.). By registering your bicycle and affixing a New College of Florida B.A.T. decal to the bike, the owner of the bike is authorizing any officer of Campus Police to stop anyone operating the bike to confirm ownership, or permission to possess should the officer suspect that the operator is not the owner. This is a completely voluntary program, and participation is not required in order to register your bike with Campus Police.

Other tips include:

- Ride defensively, with the flow of traffic, and always use hand signals.
- Florida law mandates that if you ride your bike between sunset and sunrise, you must have a white light on the front that is visible 500 feet to the front and a red light on the rear that is visible from a minimum of 600 feet. We strongly recommend that you wear a helmet.
- When cycling, be **AWARE, VISIBLE** and **PREDICTABLE**.
- Be considerate of pedestrians and vehicle drivers. A small bell or horn may assist in moving through pedestrian traffic on sidewalks and the U.S. 41 pedestrian overpass.
- Don't impede free use of handicap ramps or other access points.
- Don't lock bikes to trees, signposts, handrails, stairwells, etc.
- Keep your bike maintained, especially the brakes.
- Register your bike and record the serial number with Campus Police free of charge. You may also engrave the bicycle.
- Use a U-lock type device to secure your bike. Bikes locked with cables or small chains are frequently stolen.
- When locking your bike, secure both the frame and front wheel to the bike rack.
- Report suspicious activity or loitering around bike racks to Campus Police.

Auto Security and Safety

Auto theft is a growing problem and the campus area is not immune. Take action to safeguard your vehicle,

- Lock all doors while driving and after parking.
- Store valuables out of sight or locked in the trunk.
- Help secure your vehicle against theft or burglary with an electronic alarm or steering wheel locking bar.
- If you don't use your car regularly, check on it every day or two.
- Keep a copy of your registration, insurance and title in a safe place separate from your vehicle.
- Immediately report all thefts, as well as any suspicious activity in parking lots to Campus Police.

Identity Theft

Identity theft is growing at an alarming rate. It effects on average 2-3 million people a year. Identity theft occurs when personal information has been compromised and used to commit fraud or theft. During the course of the day, there are many occasions when checks are written, purchases are made with credit/debit cards, and information is received or sent via mail or telephone. These normal transactions can result in the theft of a person's identity. Minimize the risk by managing credit information carefully and responsibly:

- Don't leave credit information lying around in your vehicle.
- Shred voided checks, unused deposit/withdrawal slips and credit card offers received through the mail.
- Keep the number of credit cards to a minimum.
- If you keep a receipt, black out the account number.
- Never give out personal information to strangers on the phone.
- Be conscious of your surroundings at ATM's or when giving out information over the phone (i.e. making a credit card purchase or discussing your account with a legitimate financial institution). Make sure your pin # or conversation can't be seen or overheard by someone who may be "lurking" in the area.
- Check your credit report once a year with a credit bureau.
- If you become a victim, or suspect you might be, contact Campus Police immediately for assistance.

Campus Sexual Assault Policy

The Campus Police Department is responsible for the criminal investigation of campus sexual offenses. Complaints of sexual battery/rape are serious criminal offenses that may be processed within the criminal justice system. The department provides immediate assistance to the reporting party and initiates investigative processes and apprehension of the perpetrator of the crime. It is very important that any evidence that would aid in the apprehension and conviction of the assailant be preserved. The department works closely with the State Attorney's Office in investigations of sexual battery/rape investigations. Students may be assisted by campus authorities in notifying law enforcement if the reporting party chooses.

Sexual battery/rape, domestic violence, dating violence, sexual assault, and stalking committed by an NCF student(s) is also a violation of NCF student conduct rules. Student perpetrators are subject to institutional disciplinary sanctions including expulsion as provided by College rules and regulations, in addition to those stated above in accordance with state law.

Campus-related sexual offenses committed by employees are also considered misconduct as provided by applicable institution rules and collective bargaining agreements. Employee perpetrators are subject to institutional disciplinary action, including termination, as provided by such rules/agreements, in addition to those stated above in accordance with state law. The Title IX Coordinator is responsible for the Title IX investigation of campus sexual offenses. Students may engage either the Title IX system, the criminal justice system, both, or neither.

All incidents of non-consensual sexual activity will be dealt with promptly and effectively by the institution.

According to Chapter 794.011, Florida Statutes, "Consent" means intelligent, knowing, and voluntary consent and does not include coerced submission. "Consent" shall not be deemed or construed to mean the failure by the alleged victim to offer physical resistance to the offender.

We continue to actively and aggressively provide institution-wide programs and services to educate our students and College community on responsible conduct, the meaning of consent, how to properly report cases of sexual misconduct, and how to hold individuals accountable for their behavior.

If you experience sexual misconduct, the College wants to assist you. College policies prohibit retaliation for making complaints of sexual misconduct. You have rights and options.

Reporting Sexual Misconduct

Under the College's Title IX policy, all employees of the College are "responsible employees." With limited exceptions for confidential resources, all College employees must report instances of sexual misconduct and sexual violence. Failure to report can lead to disciplinary action. When in doubt, employees should err on the side of caution and contact the Title IX Coordinator with questions and concerns.

Reporting Options

You have the right to file a report with Campus Police and other College Officials. Reports made to the police and reports made to other College officials are separate processes, but you can pursue both paths simultaneously.

Victim advocates are available to help you consider reporting options in a confidential setting. As a survivor, you have the right to:

- Report the crime to police.
- Receive assistance from a victim advocate to report the crime to the police.
- Decline to notify the police.
- Report the crime to College officials, whether or not you choose to notify the police.

You may pursue both a criminal investigation with the police and a College sexual misconduct complaint investigation, as different options are available through each process.

Reporting to Police

If you wish to pursue criminal action, you should contact the police as soon as possible and preserve any physical evidence.

- Try to remain calm and alert.
- Stay on the phone with the dispatcher as long as you are needed.
- Do not change your clothing.
- Do not clean your body or your clothes.
- Do not disturb or alter the crime scene.

The preservation of physical evidence may be critical for successful prosecution of the offender.

College Reporting

There are many ways you can make a College report. All full-time college employees and resident advisors are “responsible employees,” and are required to submit any allegations of Title IX violations to the Title IX Coordinator. Even if the sexual violence occurred off campus, the College can provide support, services, and resources. If the person that harmed you off campus was a member of the College community, you can still make a complaint to the College against the individual.

Sanctions

When an investigation establishes that sexual misconduct/gender-based violence has occurred, the College will take prompt steps to end the misconduct, prevent its recurrence, and correct the effects on the survivors. Disciplinary action will vary based on the severity of the misconduct, but it can include separation from College programs, termination from College employment, or exclusion from campus. Responding parties who are College students are subject to College judicial proceedings that may result in permanent expulsion from the College. In addition, for incidents involving a criminal act, responding parties may be subject to arrest, incarceration, and prosecution through the state courts.

Interim Assistance & Protection Orders

When the survivor requests assistance, the College will provide reasonably available interim measures after sexual misconduct and/or while a complaint is being reviewed and investigated to protect the safety of the reporting individuals and the campus community, and to prevent retaliation. Examples of interim measures include, but are not limited to, issuing no contact orders between the individuals involved; making temporary accommodations regarding work locations, residence hall assignments, class or work schedules, or transportation; and providing counseling.

You do not have to make a police report or a formal College complaint to get reasonably available interim measures, but you do need to let the College know what you need. The Victim Advocate Program can help you request these accommodations.

Tips to Prevent Sexual Violence

Eliminating sexual violence relies on a clear understanding that everyone in the community shares some responsibility. The following information applies to the College community as a whole:

- Do not blame survivors of sexual assault; it is not their fault that another person decided to commit a crime.
- Pay attention to your partner. If their judgment is impaired due to drug or alcohol use, they likely cannot consent to sex, no matter what they say.
- Don't make assumptions about sex or your partner's willingness to engage. Speak openly about your limits and make them known to your partner.
- Sexual activity is not a right; if you're interested in sexual activity with your partner, do not proceed without explicit consent.
- Respect your partner's boundaries. Consent to one sexual act does not imply consent to any other type of sexual activity.
- Consent to sexual activity may be withdrawn at any time; speak up and listen to your partner.
- Consent must be conscious, willing, and voluntary. If your partner becomes unresponsive, passes out, or falls asleep, stop sexual activity immediately.
- Be aware of your surroundings and trust your instincts about dangerous situations and coercive activities.

Sexual Predators/Offenders

The federal Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to issue a statement advising the campus community where they may obtain information provided by the state concerning sexual predators and offenders. It also requires sexual predators and offenders to provide notice, as required under state law of each institution of higher education in that state where the person is employed, carries on a vocation, or is a student at that institution. The Campus Police Department maintains a list of sexual offenders on this campus at the Campus Police station located at 501 College Drive (CPD) on the New College Campus. That information is available at any time, and can also be secured via phone by calling our Communications Division at (941) 487-4210 or the Florida Department of Law Enforcement at (888) 357-7332.

More sexual predator or offender information can be obtained by visiting the Campus Police Department website at: ncf.edu/police/links or by visiting the Florida Department of Law Enforcement website at: offender.fdle.state.fl.us/offender/sops/offenderSearch.jsf.

Missing Student Notification Policy

In all incidents in which it has been confirmed that anyone is missing from campus, Campus Police will be the law enforcement agency with primary responsibility for conducting the investigation. Report all suspected missing persons to Campus Police immediately. Pursuant to the Higher Education Opportunity Act, each student residing on campus has the option of registering a confidential contact person to be notified in case that student is determined to be missing. For students less than 18 years of age and not emancipated, a parent or guardian must be the designated contact. Only authorized campus officials and law enforcement officers conducting the missing person investigation may access a student's confidential contact information.

Report all persons missing from campus to Campus Police, even if they have not registered a contact person. In the event that an investigation has confirmed that a residential student is missing, the Higher Education Opportunity Act mandates that the designated contact be notified within 24 hours. The Campus Police will immediately notify the designated contact upon confirmation that the student is missing. Other local law enforcement agencies will also be notified and the missing student will be entered into the Nationwide Computer Database.

Why report a Title IX violation?

Reporting Title IX violations can protect members of our community and help create a safer environment on campus.

Reporting Title IX

Who is responsible for reporting Title IX and who can maintain confidentiality?

All staff, faculty, and RAs of the institution are required by our regulation to report possible Title IX violations. The only exceptions to this are campus clergy, Victims Advocate, and our CWC counselors.

Does filing a Title IX violation report count as filing a criminal report?

No. Filing a Title IX report and filing a police report are two different procedures. Pursuing the Title IX process neither prohibits nor requires one to pursue action in the criminal justice system.

How to Report a Title IX Violation

Step 1: File a Title IX Report: ncf.edu/title-ix

Step 2: Coordinator reviews Title IX Report and meets with both parties for more information.

Coordinator assigns interim measures, if needed.

Step 3: An investigator is assigned to the case. Investigator meets with both parties and assembles report for coordinator.

Step 4: Coordinator reviews findings and determines Title IX responsibility.

Step 5: If found responsible, coordinator, investigator, and conduct officer determine appropriate sanctions.

Step 6: Coordinator issues final report to parties. Both parties have the option to appeal the findings of responsibility.

Bystander Intervention: A Quick Guide

Direct: Step in and address the situation directly. This might be as simple as saying, “That’s not cool. Please stop,” or “Hey, leave them alone.”

Distract: Distract the group or individuals involved in the situation. You could simply say, “Hey, aren’t you in my Spanish class?” or “Who wants to go get pizza?” This technique may be more effective in a busy, group setting or situation where drugs or alcohol are involved.

Delegate: Not every situation is safe or comfortable to intervene in alone. This could include asking a friend to distract one person in the situation while you distract the other, or calling the police or other professional staff member who may be more equipped to handle the situation.
