

2020-2021 FACT BOOK

Office of Institutional Research & Assessment

The New College of Florida Fact Book presents current enrollment, admission, financial aid, fiscal resources and the academic program at the eleventh member institution of the State University System of Florida.

New College
THE HONORS COLLEGE of Florida

THE 2020-2021 FACT BOOK contains information and statistics on institutional enrollment, student characteristics, admissions policies, academic offerings, faculty and class size, fiscal resources, personnel, library resources, and physical facilities. The purpose of the book is to provide the New College community with facts about the College. The information can be used by those responsible for public presentations and reporting about New College.

The backbone of the Fact Book follows the format and definitions established by the Common Data Set widely used by college guide publishers for gathering data on undergraduate education. By standardizing the definition of key terms, the Common Data Set helps ensure that data will be comparable across institutions. Additional tables and figures which are not part of the Common Data Set are also included to provide more comprehensive information.

This book was prepared by the Office of Institutional Research & Assessment with information contributed by many New College offices. We would like to recognize the Office of Enrollment Management, the Office of the Registrar, the Business Office, Cook Library, the Office of Communications and Marketing, Student Affairs, Human Resources, and Facilities and Construction for their data and assistance.

This year's Fact Book is available online on the New College of Florida website at ncf.edu/fact-book. If you would like a printed copy, it can be downloaded from the website and printed for reference. We would like to encourage you to contact us with any questions and feel free to send us your comments and suggestions for improving future editions.

Transfer Credit Policies

D12. Lowest grade earned for any course that may be transferred for credit: C

D13-14. Maximum number of credits or courses that may be transferred from a two-year or four-year institution:

Three of seven semester-long academic contracts and one of three month-long Independent Study Projects required for graduation may be granted to transfer students, with 52 semester-credit hour equivalents of liberal arts and sciences course work credit. Students who hold an AA from the Florida College System or Florida State University System will receive an additional 8 semester credit hour equivalents of transfer credit.

D15. Minimum number of credits that transfers must complete to earn an associate degree:

Not applicable.

D16. Minimum number of credits that transfers must complete to earn a bachelor's degree:

Transfer students must be in academic residence for a minimum of four semester-long academic contracts and two month-long Independent Study Projects, depending on their transfer credit. Students with the AA from the Florida College System or Florida State University System must complete at least 64 credit hour equivalents; other transfers must complete at least 72 credit hour equivalents.

D17. Other transfer credit policies:

The Office of the Registrar evaluates transfer credit on behalf of the New College of Florida faculty.

Transfer credit is assigned toward New College of Florida's semester contract, Independent Study Project, and unit requirements for the Bachelor of Arts degree. Credit is considered for college courses with grades of "C" or better, taken prior to the student's initial enrollment at New College, and documented by official transcript from the accredited, postsecondary degree-granting college or university that issued the original credit. Transfer credit is not considered for course work taken on a noncredit basis (i.e., course work not reflected for credit on the official transcript from an accredited, degree-granting college or university).

Transfer credit is also considered for satisfactory performance on examinations identified in the Articulation Coordinating Committee Credit-by-Exam Guidelines as approved by the Florida Board of Governors (AP, IB, AICE, CLEP, DSST, DLPT, and Excelsior). Standardized examinations must be taken prior to the student's initial enrollment at New College. Credit-by-exam is accepted when it is part of a Florida College System or Florida State University System Associate of Arts (A.A.) degree or bachelor's or advanced degree from a regionally accredited college or university.

In all other cases, official test results should be sent to the Office of the Registrar from the credit-by-exam source. Up to 25 percent of the credits required for a Bachelor of Arts degree at New College may be awarded for credit-by-exam.

Transfer credit will not be awarded more than once for the same course, whether by course or examination. Credit-by-exam will not automatically exempt a student from introductory courses at New College. New College's unique, intensive honors curriculum does not use common prerequisites and common course numbering.

Courses in the arts and sciences and supporting fields may be accepted toward transfer credit. Acceptable courses typically fall into the following fields:

Anthropology	Computer Science	History	Music	Religion
Art	Economics	Humanities	Natural Sciences	Social Sciences
Art History	Engineering	Journalism	Philosophy	Sociology
Biology	English	Languages ¹	Physics	Theater
Botany	Geography	Literature	Political Science	Visual/Performing Arts
Chemistry	Geology	Mathematics ²	Psychology	
Notes: ¹ <i>Language credit (including Sign Language) transfers only if the language has been studied through at least the second semester level of the first-year sequence.</i> ² <i>Mathematics courses below the level of Calculus are not typically accepted for transfer with the exception of Trigonometry, Pre-calculus, and Statistics.</i>				

Limited transfer credit may be assigned for course work in Business and Speech. Otherwise, courses in the following fields typically are not transferable: Business; Education; Health; Nursing; Physical Education; Social Work; and Speech. *Once transfer credit has been granted, that transfer credit will not be removed or waived by a request from the student.*

For Florida College System A.A. transfers — for a student who has earned the A.A. degree from a member school of the Florida College System (formerly the Florida public community college system), or from the Florida State University System, New College acknowledges fulfillment of the College's Liberal Arts Curriculum (general education) course requirements, and would assign the following maximum transfer credit:

3 semester contracts	1 Independent Study Project	15 units (equivalent to 60 semester credit hours)
----------------------	-----------------------------	---

For all other transfers — transfer credit is based on 16 or more transferable semester hours, in the following increments:

16-19 transferable semester hours	4 units	1 semester contract
20-35 transferable semester hours	5 units	1 semester contract and 1 ISP
36-51 transferable semester hours	9 units	2 semester contracts and 1 ISP
52 or more transferable semester hours	13 units	3 semester contracts and 1 ISP

In no case may transfer credit be given for more than 3 contracts and 1 ISP. Every New College student must complete at least four contracts and two ISPs in residence at New College in order to graduate.

² Adjunct faculty are instructors who temporarily replace faculty on research leave, or who teach specialized courses (e.g., theater, creative writing) to supplement the offerings of regular faculty. Alumnae/i Fellows occasionally teach in adjunct capacity.

Note: Class sections are organized courses meeting in a classroom or similar setting at a stated time or times.

Individual instruction such as tutorials and one-on-one classes, thesis research, music instruction, and tutoring are excluded. Subsections are any subsection of a course, such as a laboratory, recitation, and discussion subsection supplementary in nature and scheduled to meet separately from the lecture [seminar] portion of the course. Same exclusions apply as to class sections.

New College instructors often establish class subsections, which may be discussion groups, project teams and practice/problem sessions to enhance classes. These arrangements between instructors and students are not tracked formally by the Registrar, but generally they are noted in published course descriptions.

Class sizes:

Included in the class size headcount:

- 1) Any student who received an evaluation designation other than "Dropped".
- 2) Any student without an evaluation designation assigned.

Accelerated program: Completion of a college program of study in fewer than the usual number of years, most often by attending summer sessions and carrying extra courses during the regular academic term.

Admitted student: Applicant who is offered admission to a degree-granting program at your institution.

***Adult student services:** Admission assistance, support, orientation, and other services expressly for adults who have started college for the first time, or who are re-entering after a lapse of a few years.

Bachelor's degree: An award (baccalaureate or equivalent degree, as determined by the Secretary of the U.S. Department of Education) that normally requires at least four years but *not* more than five years of full-time equivalent college-level work. This includes ALL bachelor's degrees conferred in a five-year cooperative (work-study plan) program. (A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies.) Also, it includes bachelor's degrees in which the normal four years of work are completed in three years.

Black or African American: A person having origins in any of the black racial groups of Africa.

Board (charges): Assume average cost for 19 meals per week or the maximum meal plan.
