

New College
THE HONORS COLLEGE of Florida

AAC Agenda Items

Thursday, April 23rd, 2026

- Event Space Use (SG) coordination and consultation on use of academic space for major events
- Wednesday Labs: Could chairs review whether there is an unintended scheduling pattern with lab courses, specifically, several labs clustering on Wednesdays from 12:30–3:20 PM? We've received feedback from students who are unable to take certain combinations of courses because several labs they are interested in are offered in the same time slot. (ML)
- Dates for MSPR AY 2026-27 (ML)
- Simple Syllabus (RZ)
- Gen Ed selection criteria (DH)
